

FOREWORD

We have chosen "Student Life" as the theme of our annual this year because the Students and their activities play a large part in making the Wink School and the "Wink spirit" known throughout Texas. As you look through the pages of this 1951 Wildcat both now and in the future we hope that the pictures of your classmates, teachers, and various activities of the school year together with the drawings made by James will preserve for you the memories of many happy friendships, interesting activities, friendly well fought games, good sportsmanship, enjoyable music and the "Wink School Spirit". If in the years to come this book does the above for you we will count this annual a success.
