

Trophies, trophies, everywhere
 In the trophy cases they stand.
 Trophies, trophies, everywhere
 From football, basketball, track, and band.

This is the feeling of all who walk into our front door, and face this trophy case, while other trophy cases guard either side of the entrance vestibule. These 155 trophies are a part of the treasures of Wink High School, treasures not representing money but effort, cooperation, good sportsmanship, and the undaunted spirit which prevails at Wink High School.

The first trophy was awarded the Wink Band in 1930 in Abilene. From that time on, trophies have been added yearly by such organizations of the school as band, choral groups, football, basketball, volleyball, track, tennis, and others. 1938 was the outstanding year in the number of trophies acquired, thirty-five. Perhaps the most cherished trophy of all is the silver football bearing the inscription "Class 'A' Football Champions of 1952."

This trophy case proves that no other school has ever matched Wink's record, and nowhere has there been so small a group that has done so much.

DEDICATION

As a complete surprise to her, the annual staff would like to pay tribute to our wonderful friend, teacher, and sponsor, Miss Thelma Abbey, by dedicating the 1953-54 yearbook to her.

Because of her wonderful attitude, tireless work, unending patience, her ever-ready sympathy, her cheerfulness about everything, and the determination to do any task well, the Wildcat Staff feels she truly deserves this well-earned honor.
