SUPERINTENDENT'S MESSAGE

Another year in your school careers has come and gone. As you glance through the pages of this edition of the WILDCAT, you will live again many happy and profitable experiences of the 1954-1955 school year.

It is our aim that this educational institution provide opportunities for experiences which promote a balanced growth in your lives and which aid you in gaining the basic concepts of life. It is our hope that your experiences while here bring realization to our aim. Growth is inevitable, but growth without balance or direction is not the most desirable and can be hazardous.

In the short span of years that this school has lived, it has touched the lives of many and has helped, we believe, to bring success and happiness to their lives. Our hopes will be realized if your experiences here help in providing the attitudes, knowledge, and spirit which will help you to realize a healthful, happy, and successful life.

Weldon R. Steele
