SUPERINTENDENT'S MESSAGE

Most of your possessions will depreciate with age, but a few will increase in value as the years pass. This edition of the WILDCAT will be among those few; for, as you glance through its pages, you will recall many pleasant and worthwhile experiences of the 1955-1956 school year which you will cherish with increasing pleasure as each year passes.

All of life is a school. It is our hope that while you have been in our classrooms and in our activities that we have helped you to acquire experiences, attitudes, knowledge, and spirit which will aid you in finding and reaching worthy goals and thus make possible your living a full life, rich in beautiful and true values.

Weldon R. Steele
