

DEDICATION

We're really very proud of you,
For all you've said and done;
To show us that the hardest work,
Can often times be fun.

You've really tried in every way,
To make us understand,
That a well educated person,
Is the one who's in demand.

You've taught us to stand on our own,
When hardships come our way;
And never to put off till tomorrow,
What we can do today.

We think that you are really great,
And what we think is true;
And therefore in all due respect,
Mr. Dodd we dedicate to you
