SUPERINTENDENT'S MESSAGE

Wildcats of 1959 - 60:

At the close of another school year we proudly congratulate the members of another graduating class of Wink High School and look with pride on their potentialities for continued service. Our sincere hope is that this school has endowed each of them with those qualities that will enable them to make the greatest contribution to the society in which they must take their place.

To those who will return, our desire is that we may strive toward greater achievements, and with an even brighter promise of the years to follow.

Sincerely,

I. R. Huchingson

Superintendent
