

Superintendent

FRANK R. BARTON

Mr. Frank Barton, Superintendent of Wink Schools since 1960, worked his way up the administrative ladder here at WHS. Mr. Barton is a 1942 graduate of Big Spring High School. He interrupted his education in 1943 to serve two years in the army. After the war he enrolled in Sul Ross College from which he received an M. A. degree in 1950. He came to Wink first in 1949 as a Jr. High Coach, moved up in 1950 to Elementary Principal, became Head Coach in 1953, was High School Principal from 1954 until his appointment to the Superintendent's post in August, 1960.

Mr. Barton is active in civic work, and has a fifteen year record of perfect attendance in the Lion's Club. He jokingly tells that he has held every office in the Lions except Chaplain.

Mr. Barton's favorite hobby is golf, and sunny weekends find him beating around the links with a fervor.

Mr. Barton's character is revealed by his belief in preparation both in athletics and in the classroom. His favorite saying is "Luck is where opportunity and preparation meet."

High School Principal

J. L. DODD

Our principal, J. L. Dobb, is himself a graduate of W. H. S. He left Wink in 1944 to serve two years in the army. He came back to Wink in 1951 after graduating from Sul Ross and receiving an M. E. degree. Mr. Dodd, still called "coach" by some of the boys, has served in almost every position on the school staff including: Jr. High Coach, Social Studies teacher, Head Football Coach, and now as Principal.

An interesting note is that Mr. Dodd confesses, "I spent as much time in the principal's office when I was a student as I do now that I'm a principal."

Junior High Principal

JACK K. DORMAN

Mr. Jack Dorman, administrator for grades 1-8 since 1952, feels that his job is very satisfying, offering him a chance to deal with students from primary through Jr. High ages. Mr. Dorman came to Wink in 1949 after graduating from TCU. He received an M. E. degree in '52 from Sul Ross.

Mr. Dorman enjoys outdoor activities such as lawn work and water skiing in his free time. When asked for a favorite saying Mr. Dorman says, "My law of life has always been the familiar biblical quotation, 'whatsoever ye sow, so shall ye reap'."
