OUR SUPERINTENDENT IS FRIEND TO ALL

We know that education is the exercise and development of the power of the mind in order for us to meet the conflicts of life. As we come to the close of the 1965-66 school year, I know that you have developed some worth-while attitudes that you can use in order to meet whatever problem might present itself in the future.

To you Seniors we wish all the success possible. To those of you that will remain at W. H. S., let's go to work and make next year a profitable one for each of us.
