

HIGH SCHOOL AND JUNIOR HIGH PRINCIPAL PRIMARY AND ELEMENTARY FACULTY

J. L. DODD **ELEMENTARY PRINCIPAL**

PRESTIGE COMES THROUGH INDIVIDUAL MERIT. THE WINK SCHOOLS HAVE A GREAT DEAL OF PRESTIGE WHICH IS WELL DESERVED BECAUSE OF THE FINE EDUCATIONAL OPPORTUNITIES OFFERED AND THE LONG HISTORY OF QUALITY EDUCATION. YOUNG PEOPLE SHOULD MAKE THE BEST OF THESE OPPORTUNITIES TO MEET THE DEMANDS THAT YOUTH BE BETTER PREPARED TO FILL THEIR PLACE IN SOCIETY. TO ACCOMPLISH THIS, STUDENTS MUST HAVE A SERIOUS SCHOLASTIC OBJECTIVE - A BURNING DESIRE TO WORK HARD TO LEARN.

JACK K. DORMAN

Our school has the obligation to train boys and girls for life in a democratic society, but they must be trained within a framework of authority in relationship to the realities of life as they exist in the home, church, community and government. While providing experiences for students in the processes of understanding our democracy they must be guided by competent teachers.

It is with awesome concern that we teachers recognize that you are in the process of maturing and experiencing the level of maturity and quality determined by the dreams and visions of all who share this great privilege.

It is our prayer that the Wink School System is comprehensive in giving to each of you the kind of training you should have in order to meet the needs of a democratic society.

Sincerely, *Jack K. Dorman*
