

SUPERINTENDENT AND SCHOOL BOARD ARE BACKBONE OF SCHOOL

FRANK R. BARTON

Frank Barton started his career at Wink High School in 1949 as a junior high coach. Since then he has advanced to the superintendent's office via positions of elementary principal, assistant coach, head coach, and high school principal. In his seventeenth year as a Wildcat booster, Mr. Barton gives his philosophy of education as the need to educate the whole child, including his emotions, for physical and mental health. He feels the student should be taught about his rights, but should also be taught the responsibilities that accompany the freedoms that we enjoy.

They eat and talk best of all!

A man of many responsibilities.
