

STUDENT COUNCIL PUTS

The Student Council of our school is the means by which the students express their opinions. The Student Council conducts school activities throughout the year such as Slave Day, Parents' night for the football boys, and various dances. It contributes to the general welfare of the student body, and provides opportunities for student participation in student affairs. The Student Council encourages high standards of character, scholarship, school spirit, leadership and sportsmanship. It is the hub by which the wheel revolves.
