

Board of Education

These men have the school's interests at heart. They strive to better the system and to make and enforce needed rules. They are a group of hard working, unpaid men that help to make the school what it is.

Principals

If one has ever seen a certain car parked at the school weekends and during the summer, or seen a light in the principal's office at night, he knows the dedication that the job of principal entails. Mr. Dodd reflects what we admire in a Wink-Ex; hard work, friendliness, and dedication. If problems ever beset you, don't hesitate to call on Mr. Dodd, because, above all, he's a good listener.

High School Principal - J. L. DODD

Elementary Principal - JACK DORMAN

Mr. Dorman holds a knowledge of human nature which makes him loved and respected by us all. He is a mirror of joviality. One cannot think of him merely as the elementary principal, but a light to anyone whose path he crosses. His youthful attitude lends school a freshness that is a tribute to him.
