

Do You Plan a Moon Trip in the Future?

I tried without a space ship!

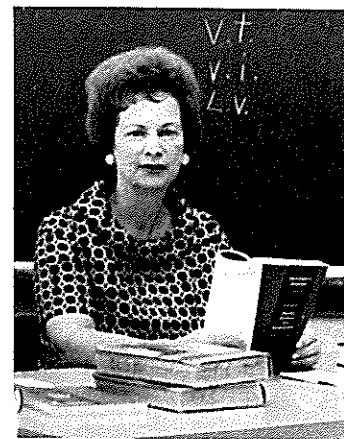

It's a long climb!

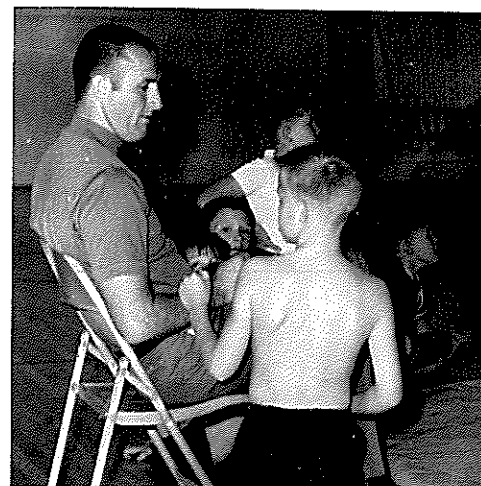

I would much rather stay here!

I'm already in orbit!

I'm looking forward to it.

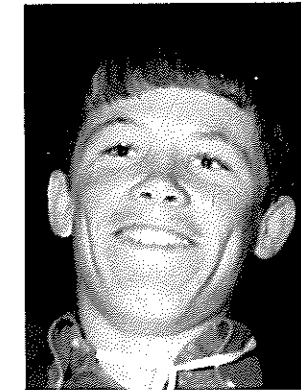

I'm training my crew now

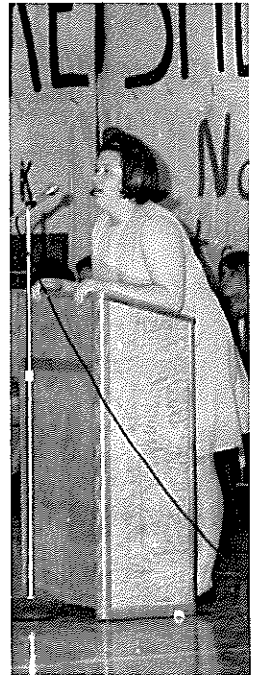

That's my bag!

I'd rather jump than go!!

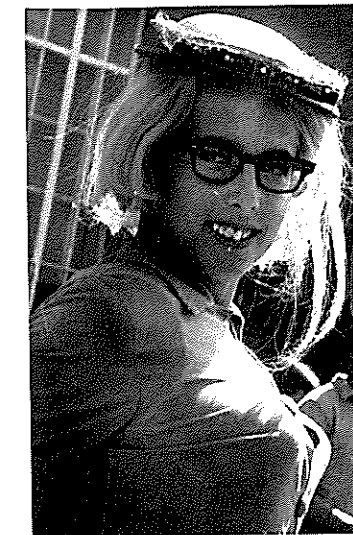

I'm ready!

Goodbye cruel world!

I'll open the first grocery store!

I'm a moon maid!

I'll go in peace.
