Wildcat field and stadium

This is the "Wildcats" 50th year.
The school is filled with laughter and cheer.
The school seems smaller as each year goes,
But a lot of pride and spirit it still shows.
When graduation comes it's hard to believe
The students actually don't want to leave.
The students have changed and so has the school.
But friendliness here is one handy tool.
The teachers are willing to give all they can;
When you're in need they'll lend you a hand.
You'll look back at pictures and friends some day
And "I once was a Wildcat," is what you will say.

by Patti Knox

A familiar scene at noon.
