

Board of Education

Before getting down to the nitty gritty.

Why don't we tear it down and start over?

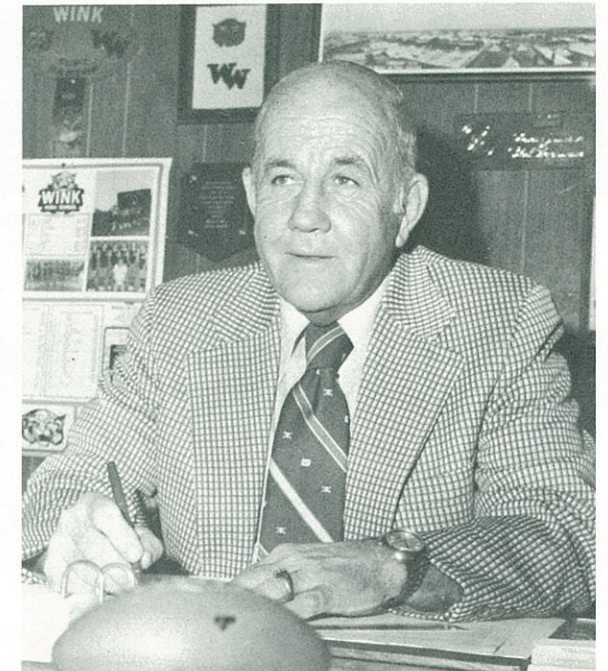

Standing: President Dale Carman, Vice-President Charles Dennis, Wilbur Floyd, Ronnie Slaughter, Sitting: Bill Beckham, James McIver, Secretary John Bounds.

Administration

High School Principal
J. L. Dodd

It has been a real pleasure being associated with the Wink Schools as a student and faculty member for 40 of its 50 year history. It has been and still is the greatest school in the world. We have many outstanding faculty members, administrators, and students that has made this school what it is. I must mention Lee Johnson, Roland Lipscomb, and Frank Barton; their leadership, along with the many wonderful parents and students that has been my pleasure to be associated with, makes me proud to say that *I am a Wildcat.*

Superintendent of Schools
Frank Barton

The Wink Schools have met the challenges of the past fifty years. We know this to be true because everyday we come into contact with past and present students who are good citizens and are successfully pursuing a normal and happy life. We are looking forward to the future and the next fifty years for we are certain "THERE WILL ALWAYS BE A WINK!"

The Ex-Wink Students are privileged people. It is our desire to give thanks for the many benefits that have occurred. We do rejoice for the past but give a blessed hope for the future.

Grade School Principal
Jack Dorman
