

# Never A Dull Day As Principal

## Principal

**J. L. Dodd**  
Being Principal of Wink Jr.-Sr. High School is a great experience. I believe this is a great high school and students have the opportunity to get a very good education if they will take advantage of the great faculty and facilities we have in Wink.

My desire every day is for each student to do his very best in each subject, obey our rules, and only come to the office to say hello or deliver a message from one of the faculty members. My job is the best job in Texas Schools because we have an outstanding faculty and a great bunch of students (most of the time).
