The J V Lady Wildcats were 20-0 for this years season. They also won the Kermit Tournament. The young ladies set a goal for an undefeated season and accomplished it very successfully. Their accomplishment was successful because of the great team work and individual hard work and the determination of never giving up no matter how far behind they got. A game isn't over until fifteen points or the two point advantage is against you and this J V lived up to that thought throughout the year.
