As we all know, the basketball season started slowly. The reason for this was due to the football playoffs. The first game of the season was against Jal N.M., which the team lost. Next they participated in the Grandfalls-Royalty Tournament and won the 1st place trophy by defeating Rankin for the championship. District 15-A action started. The team's goal going into the district play was to win the district championship, which was accomplished by defeating Iraan 47-37. Heading to the playoffs shows everyone what an outstanding team they are.

"This year's team was one of the most competitive teams that I have ever coached," said Coach Danny Carrillo. "They don't like losing, but who does? They hustle, and most importantly, I think, they played as a unit. I would like to take this opportunity to congratulate the 1984 Wink Wildcat Varsity Basketball Team for a tremendous effort."
