

Band . . . Displays Spirit

And Enthusiasm

The 1984-85 edition of the Wildcat Marching Band was introduced to big changes this year. The 67 member organization performed corp-style marching for the first time in the history of the band. Different style music, a percussion feature section, and a flag corp were some of the distinct changes Wink fans observed this fall season. The highlight for the band and everyone else this year was the honor and excitement of following our fantastic football team to the state semi-finals!
