

Behind Every Great Team . . .

Cheerleaders have a very hard job of keeping the spirit up. This hard job is accomplished everyday. The effects of their hard work can be seen in the halls of school. The spirit is higher than it's been. The cheerleader's work has encouraged the whole school in backing the football team all through the season.

School has been improved one-hundred percent this past year, and a large part of it is because of the great school spirit which was shown and brought about by all of the cheerleaders.

Marti and Kim seem to be having a massive conversation. They had no idea what had been really going on.

"Alisa how do you do that?" No one else had any idea what was going on.

Seniors, Kimberly Dudley and Marti Salazar have been Varsity Cheerleaders for the past two years.

Sophomores, Kristyl Yates and Erika Berry, flag bearer, have been a part of the Varsity Cheerleaders for one year.

Spirit is something shown by the WHS Cheerleaders. Kim used her megaphone to help project the cheers.

"Let's go Cats . . ." Kristyl, Kim, Kristi, and Alisa had been cheering hard for the Cats, but where was Marti?"
