

## W.H.S. Varsity Football Expecting The Best

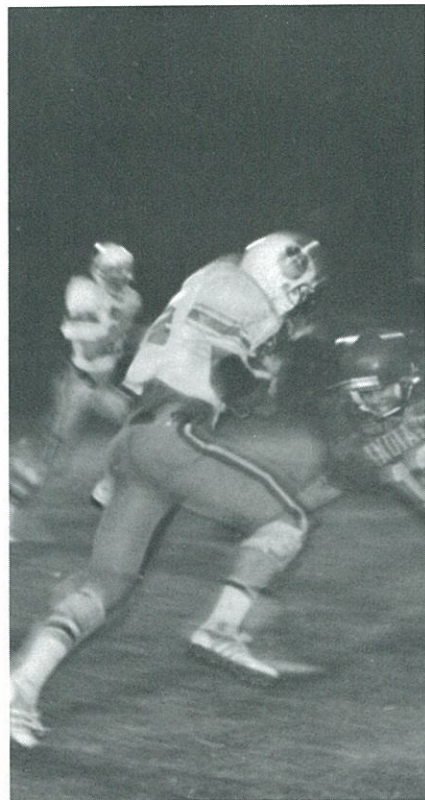

The Wink Wildcat Varsity football team had a tremendous year and finished with a 9-2 record. With this past football season came many bright spots and good times, but also a few sad moments.

The Wildcats came to 2-a-day workouts in August with great enthusiasm and looked forward to a bright season. By the time the season opener against Van Horn had arrived, the Wildcats were ready to let some of their hard work pay off. They defeated the Van Horn Eagles and completely dominated their opponent. This victory set the mood for the remaining season.

Coming into most of the ball games, Wink was usually heavily favored, but when it was time to play Iraan, Wink was the underdog. In the history of Wink High School football there had been 399 wins, and if Wink defeated Iraan, it would be win number 400. The Wildcats went down to Iraan, played probably their best game of the season, and came out with the victory (14-9) and victory #400 for Wink High School football. The people and polls started to notice Wink, and the Wildcats were rated number 6 in the state, and were to be featured in a nationally published newspaper by the Associated Press.

Coming into the district opener game against Dell City, Wink was 5-1, and remained in the top ten of Class A football teams. District 14-A proved to be no real competition for Wink because the Wildcats continued its domination of the game. With the end of the district games came the end of the regular season, and for their efforts and hard work towards football, the Wildcats received the District Championship trophy and a spot in the Texas Class A State Playoffs.

Eddie uses his acquired blocking techniques to help clear a path for Junior. The Fr. Davis Indians proved to be no match for the Wink team, and Wink won by a score of 34-0.

Jeff Jones shows his running skills at Fr. Davis as he gains yardage for the Wildcats. Jeff ran for 1,347 yards and was recognized for many well-deserved post-season honors.

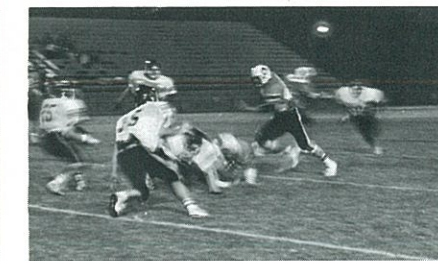

Bryan Kenyon eludes tacklers while looking for blockers, yardage, and the endzone. Bryan was a big asset to the success of the Wildcats in '87, and he also gained many well-deserved post-season honors.

Junior Cobos steps in for the injured Terry Warren to take care of placekicking. Junior did an excellent job this year, and in return received All-District Honors Kickers.

Due to the success of the Wildcats' running game, a passing game wasn't necessary. Against Iraan, Junior Cobos proved that a passing game did exist and that many different ways were known to beat an opponent.

Jeff runs hard in a crucial district game against Sanderson. The hard work did pay off, as the Wildcats defeated the Sanderson Eagles, 21-19.

SAFE!!! Coach Carrillo calls it safe at the plate.
