

## W.H.S. Varsity Football: Expecting The Best

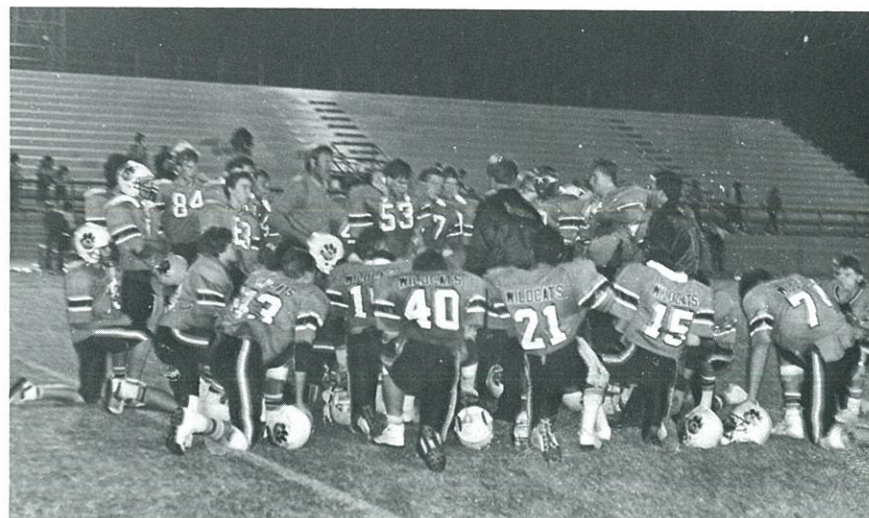

Along with the good times, came a few sad moments. After the victory at Iraan, the Wildcats travelled to Marfa to play the Shorthorns. Wink was looking forward to another victory to add to its 5-0 record, but Marfa had other plans. On the second play from scrimmage, the Shorthorns ran 80 yards for a score, and in the end handed Wink its first loss of the season. After the loss, Coach Burnett addressed the team by saying, "It ought to hurt this bad, fellas. We've got to be better." This was true, and it helped the team to realize its vulnerability and that much more hard work was required.

The regular season rolled by pretty much as scheduled, and when it came time for the playoffs, it really didn't seem that the Wildcats were ready. Because of so few athletes on the varsity team, there were many injuries among them. Terry Warren was missed because of knee surgery, Bryan Kenyon, Jeremy Akin and Sean Beeler each played with very serious injuries, and there were many minor bumps and bruises among the rest of the team. Going into the Bi-District game against O'donnel, Wink had to play up to their potential in order to come out on top. O'donnel appeared to be very tough and defeated the Wildcats by a score of 25-13. The defeat ended Wink's season short of all of the hopes and dreams.

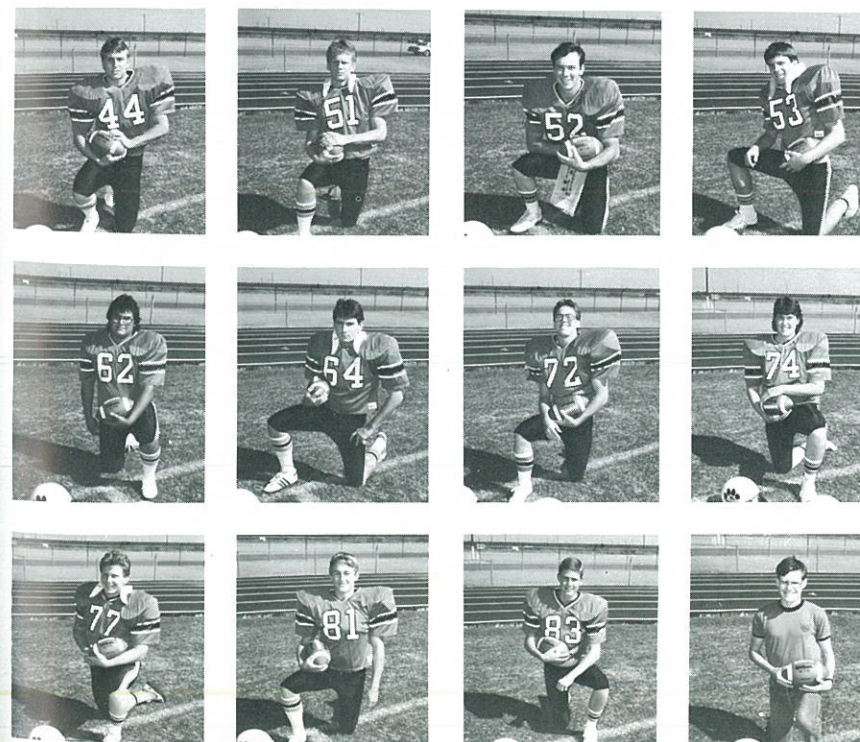

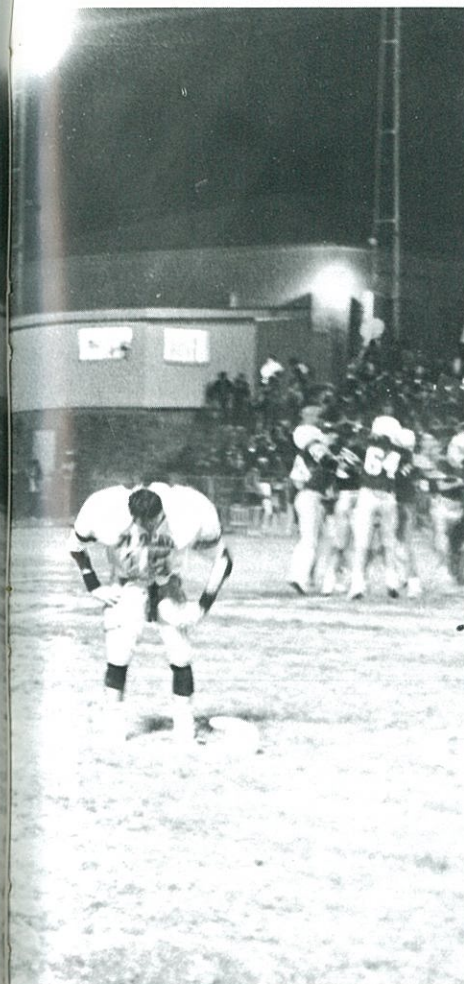

After the Marfa game, Coach Burnett tells Tony to get his head up, and that he has nothing to be ashamed of. Much disappointment was experienced by the Wildcat team due to the defeat by the Marfa Shorthorns.

Coach Carrillo is shown keeping his thoughts to himself near the end of the O'Donnel game. After the game, there was much emotion expressed by the players, coaches, and fans.

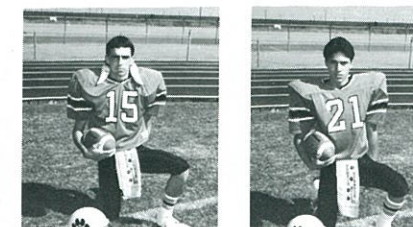

The Wildcats are together as one to strive for one certain goal, and that is to be the number one Class A football team in Texas. Even though that specific goal was not reached, the Wildcats remained as one until the end.

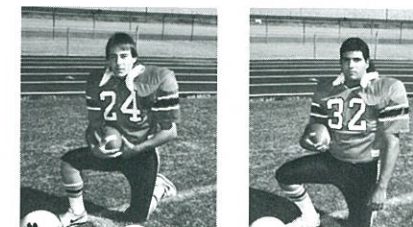

## The Group That Made It Happen!
