

7th And 8th Grade Academics

Jessica Marreniz looks over a paper before turning it in. Isabel Rios worked to her best ability not to make the same mistake twice.

Sami Jones is thinking about opening her book. Joy Dawn Stewart anxiously flipped the pages.

Claudia Valeriano Doesn't have time for pictures she is too busy working on her English. Sami Jones in the background showed us her working face.

Marshall Wells speeds through his assignment in Math. Christi Roman finished first and decided to work on something else.

The girls P.E. class still have the energy to build a pyramid. Lorina Rios found it necessary to grind her teeth.

This year as in the years past the Junior High classes have been the same. The only elective they have is Band. They don't complain because they enjoy their classes. The other classes are Social Studies, Language Arts, Science, Math, Reading, and P. E. These classes give students a better understanding and build a foundation for their studies in High School.

Sami Jones: "I like English because it's a fun class, even though we do a lot of work."

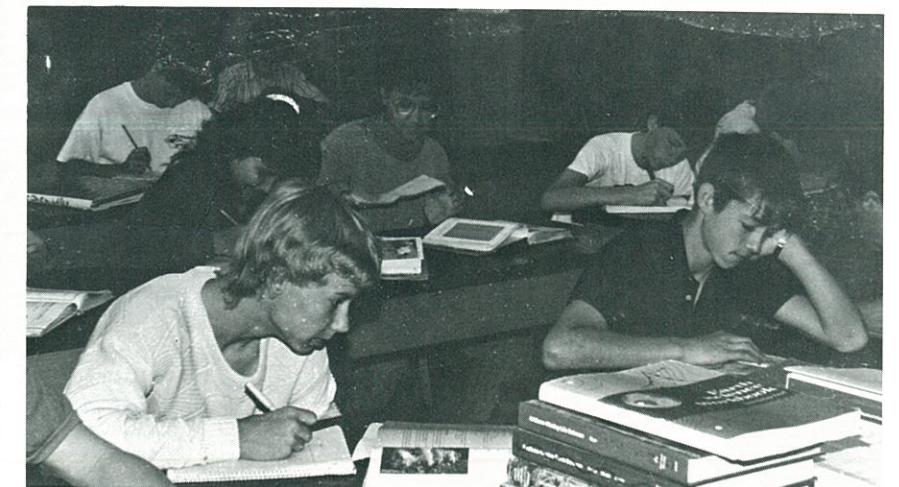

Janda Northcutt: "Math is easy for me, and that's why I like it."

Jerry Moya: "Health is my favorite class because it's easy and fun."

Tonka Rios: "I like P. E. because Coach Hill is pretty cool and we do a lot of fun stuff."

Melissa Hawkins: "I like History because you get to learn about maps, other countries, and wars."

The 7th grade band seem to be in deep concentration. It may be that they were thinking about marching next year.

Ken is working hard taking note in Science. In the meantime, Brandon decided to take a nap or was it sleeping chemicals in the air?
