

*Welcome To The Jungle*

*Silently the mighty king of explorers moves through the year . . . Even the larger animals know not to challenge this "Crocodile Dundee", for he has conquered such tasks as "just saying no to drugs", "finding rides to Wink due to no more Pyote bus", and "destroying and rebuilding a track.". There is only one creature that is capable of this and of striking terror in everyone's heart . . . The Wildcat!*

*All for Wink, stand up and . . . GROWL!!!*

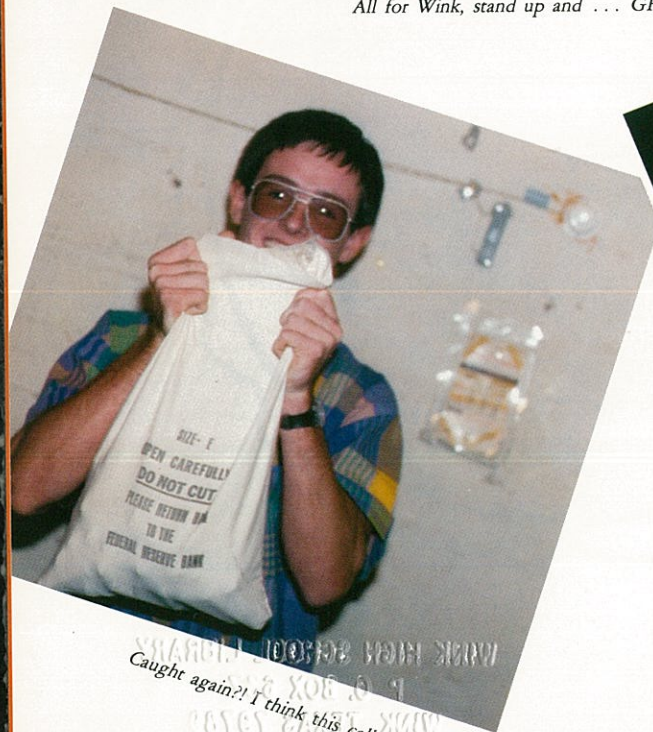

*"Hop on, Jack!"*

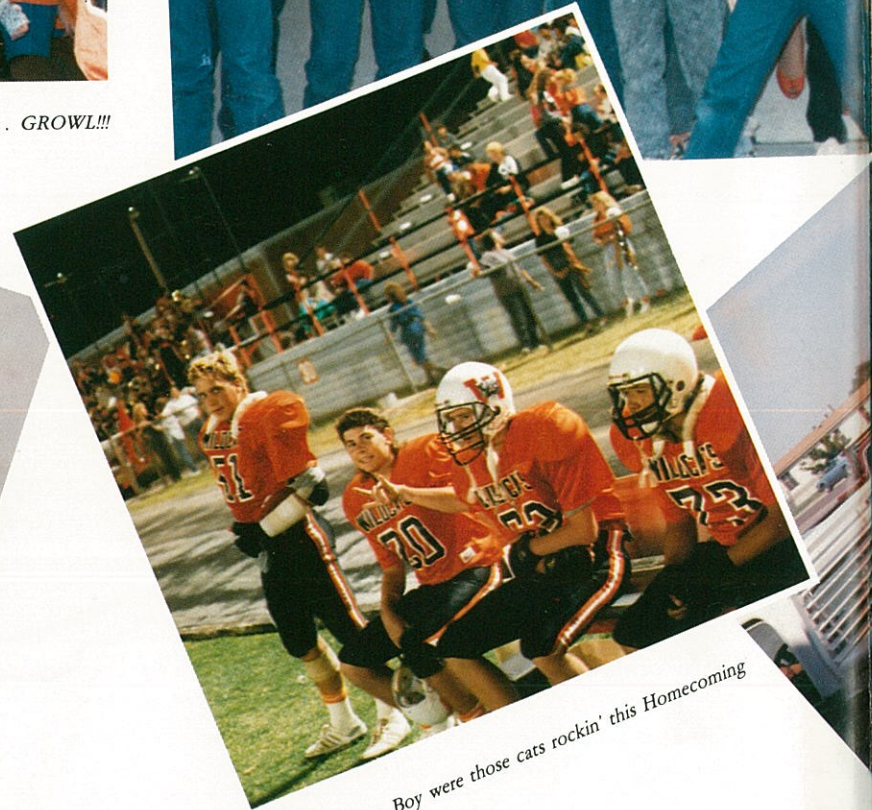

*Did someone say, "Just" wear red?*

*Mariela looks wide awake, but Junior looks like he'd rather be at home in bed instead of on a school bus.*

*Caught again?! I think this calls for Alcatraz!*

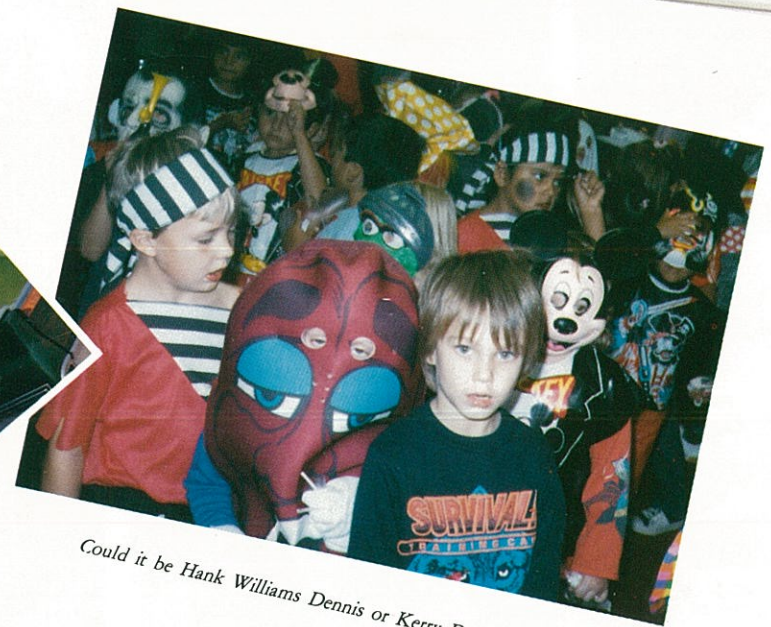

*Rock on 'Cats. Boy were those cats rockin' this Homecoming night!*

*And these are going to be the leaders of Wink High?!!*

*They must have "heard it through the grapevine" that it was Halloween.*

*Could it be Hank Williams Dennis or Kerry Don Yoakum?!*

*Caution: You Are Now Entering Our Jungle!*
