

Advancing To The Future

The many students taking advanced classes at WHS are preparing themselves for a successful career in the future. Computers, Spanish, Algebra, Physics, Geometry, and Chemistry will give them a good background and help to prepare them for the tougher courses they will soon encounter at college.

Alisa doesn't seem to mind the attention she's getting in her Physics class.

The computer class gets a headstart in business.

Spanish seems to be a sickening thought for Melinda, while Brett seems to be taking in every word.

Keep trying coach, you may turn that book into a frog yet.

Move over Mr. Franklin, Brett's taking over.
