

Getting Back To The Basics

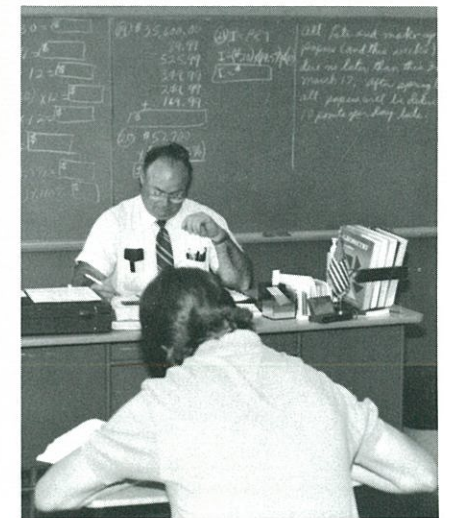

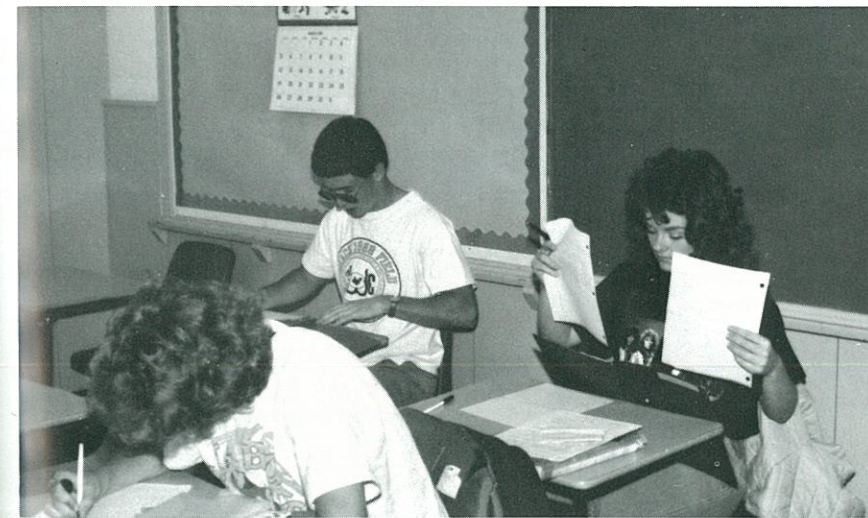

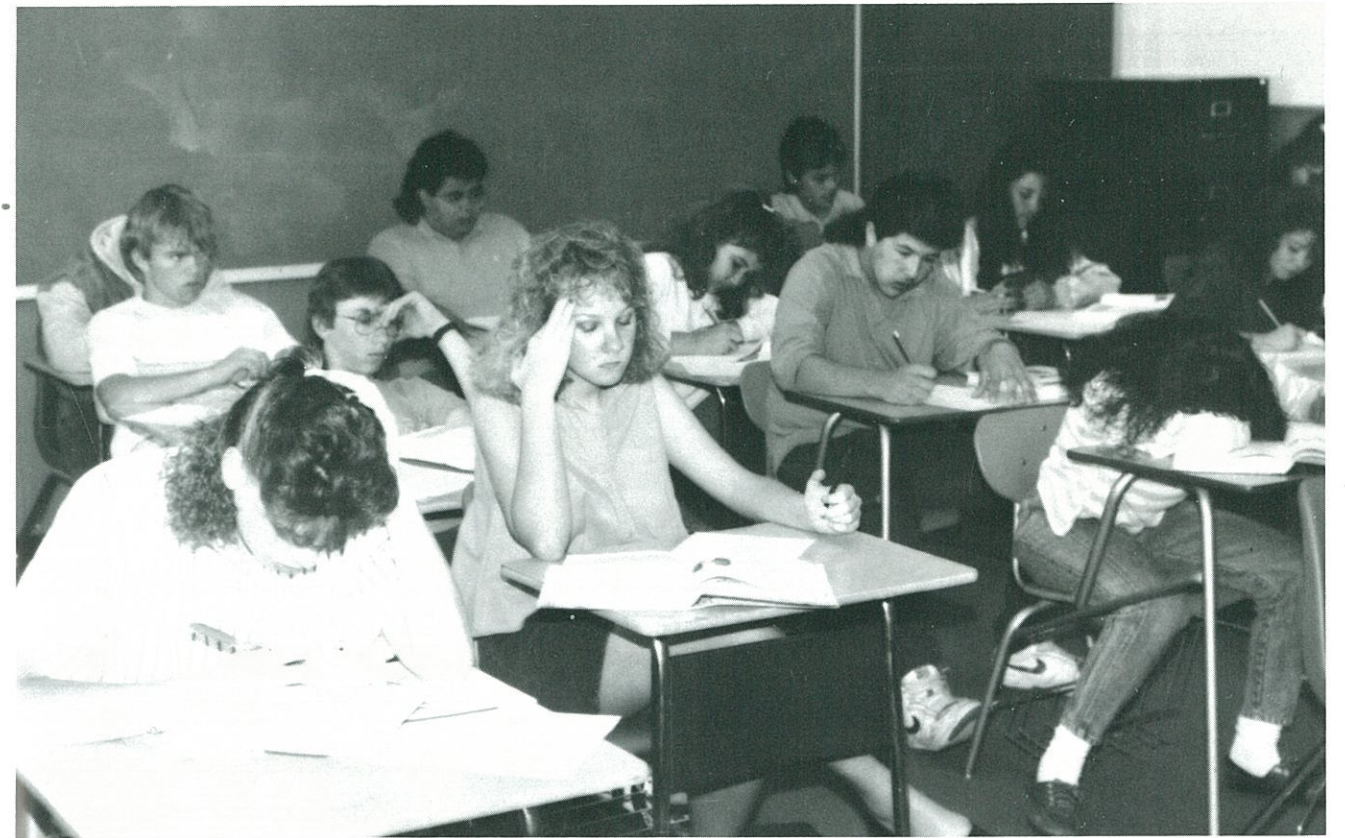

The "basics" are the classes required in high school. They provide the fundamental skills required in the real world outside of "the jungles of WHS." It is these basic classes that enable us to learn the skills that will carry us through in our future.

English-a basically fun class with class.
Carillo explains the basics to his interested class.

Working hard to learn the basics of biology!

The many faces of an Algebra student are apparent here.
Looks like Melissa is lost in her Government work.
Bet Tommy's getting good at copying those problems off the board.
Shellie's poised and ready to deliver her speech.
