

Paw Power

Reflecting on the season, Coach Burnett stated, "Some of the bright spots are things like the performance of players like Tommy Frie, who did more for our team than he ever thought he could do; Kerry Don Dennis leading in the rushing stats in his first season as a back; Tommy Beckham rushing for 196 yards in the Dell City game; and that goal line stand in the last minute of the same Dell City game. Junior Cobos getting loose at Grandfalls for 67 yard touchdown, interceptions by Brian Nichols, big plays on defense by Jeremy Akin, and our own Earl Stanley. Freshman, Jason Bounds, stepping in to start late in the season. Terry Warren working through injuries just to be part of the team. John Matthews working at any spot we ask him to try. Brett Jacobsen played every offensive position on the line until we settled him at tight end. Through all the ups and downs, all the sweat and tears, the dedication and togetherness this group established leaves me with proud feelings for a great group of young men."
