

# A Step Ahead

As some step into these halls it will be their last time and for some of the others it is just the first of many.

The steps leading up to these halls will bring many new and exciting things. Though the year may seem never-ending to some, others believe that the time has simply passed them by.

This year has brought new changes and faces to our school. The one change that is hard to miss is the retirement of Mr. Dodd and the new principal Mr. Watts. Another thing that the younger students find new is the new elementary principal, Mr. Carrillo. Willy the Wildcat, our new mascot, is a very new edition to the cheerleading staff. The dress code has put a cut in the boys hair and cleaned up our appearance.

School spirit has been greatly increased. The major reason is that the pep rallies are now being held in the new gym. There has also been a new class offered to the students, creative writing, that will help prepare them for the future.

Construction gets underway in the old gym.

Stacy growls at Trina as she tries to adjust Michael Sharps hat.

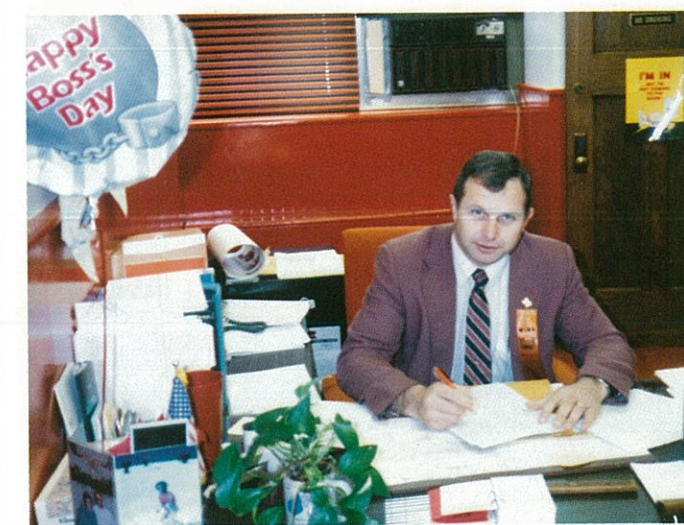

Mrs. Cole is trying to show the creative writing class how to use the computers.

Wildcat girls show their spirit by wearing their hats.

School spirit has gotten a real boost since the team and fans have moved the pep rallies into the new gym.

The mighty wildcat students are smiling at their team.

Mr. Watts is hard at work as the new Principal of W.H.S.

Here's "Willy the Wildcat" striking a pose.
