The 1990-91 J.V. football team had a fabulous season this year. They had a record of 3-1. The J.V. football team had their great experience against the varsity team. They worked hard to play with their best ability. They did a good job winning 3 games and 1 loss.

The Cats had a rough season this year. They all seemed to think that they couldn't win anymore. There was a big surprise that changed the Cat's minds. Their first win was against Marfa during the Homecoming game. The Cats put all their ability to work and changed their attitudes about losing. There was a freshman player, Tommy Smithhart, that really held the team together. The Cats proved to themselves that no matter how tough the competition was they never gave up.

Coach Burnett is directing a airplane instead of the team.

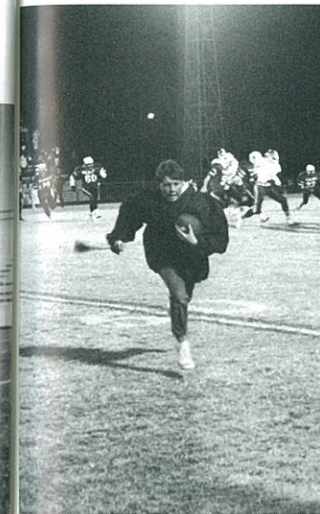

The fans are showing their support.

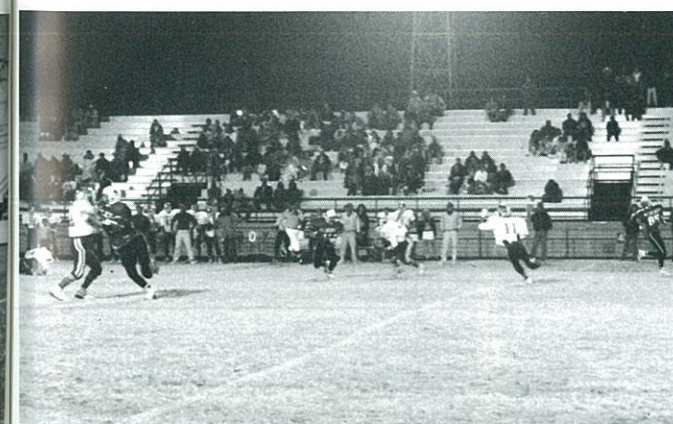

I could have had a V-8.

Cody runs for his life.

Troy thinks he has it made.

They all seem to have taken their helmets off for the fresh air.

Dog pile!!
