

# 1990-1991 Varsity Basketball

The Wink Varsity basketball did not go very well. The Wildcats finished the season with a record of 4-15. They finished third in District behind Rankin and Grandfalls. The Varsity played a very tough schedule. This was Coach Brown's first year being associated with the Wink High School. This was a building year for the Wink Varsity basketball team. The team proved that it does not matter whether you win or lose, just play the game with a lot of dedication, spirit, and never give up!!!
