

Step Into The Jr. High Spring Sports

The Spring sports the Jr. High participated in were track and tennis. The track team had a very successful year. The guys were district champs, and the girls got third at district. They had twenty-two guys and nine girls.

This years tennis team didn't get a chance to compete because the district tournament was canceled. But they have been having a little tournament during their P.E. class. Daniel Gray and Wayne Gunn were in the finals. Daniel won the tournament.
