## Signs, Homecoming Shout!

Four junior high cheerleaders led Wildcat fans through another winning season. Their main goal was to raise school spirit and morale, a goal the cheerleaders worked hard to accomplish.

Making signs, homecoming decorations, wearing new uniforms and helping with pep rallies were all among the things that the cheerleaders were most proud of.

The girls started early in the summer and got organized as a squad and worked together as a unit. They enjoyed supporting the school and are looking forward to being on the high school squad.

DeDe Rountree makes sure she's on the right step.

Junior high cheerleaders really built that spirit up.
