

# The Clean Team

A missing part of the clean team the second semester was Johnny Garcia, a 34-year veteran of the school district. Due to health, Garcia retired, leaving a void that will be hard to fill.

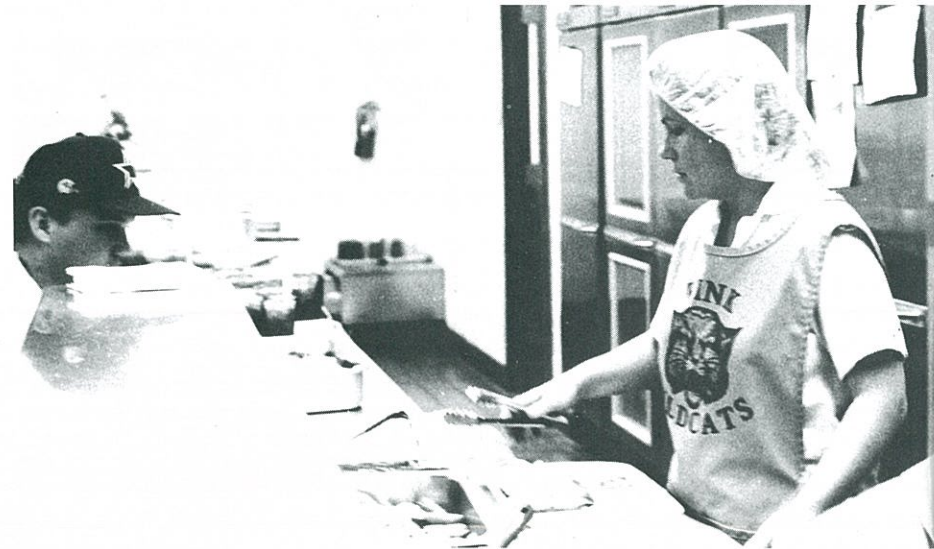

Garcia was a familiar face to students and employees alike as he worked till late hours making sure the school facilities and equipment were in perfect order. It was not an unusual sight to see him on campus late, waiting for buses to come in from long trips. His quiet, yet sharp sense of humor was a bright addition to the routine of school. Johnny Garcia dedicated his time and love to the Wink-Loving ISD. He is already missed.
