

Lady Cats Gain Valuable Experience

The Lady Cats did not have a single victory during the basketball season due in a large part to their youth and inexperience. However, the girls had mental victories in knowing they gave their all in each game and played and lost with poise, pride, and dignity. All but one of the team, senior Karina Carrillo, will be returning next year. The experience gained during the 94-95 season should help turn things around for the Lady Cats.

Fans, especially parents, supported the Lady Cats throughout the season. Ren and Walter Carlton proudly escort their daughter, Jodi, on Parent's Night.

Jodi Carlton fights for rebounding position.
