Junior High Spikers Win Big

The junior high volleyball teams under the leadership of Coach Paula Lockhart came out victorious in match after match with the eighth graders finishing the season 13-4 and the seventh grade team compiling a 14-3 record.

With statistics like these one would expect outstanding performances. Perhaps the greatest accomplishment came when the eighth grade team finished second at the prestigious Seminole Tournament. The girls defeated teams from Seminole and Denver City before finally falling to Class 4-A Lamesa 13-15 and 11-15 in the championship match.

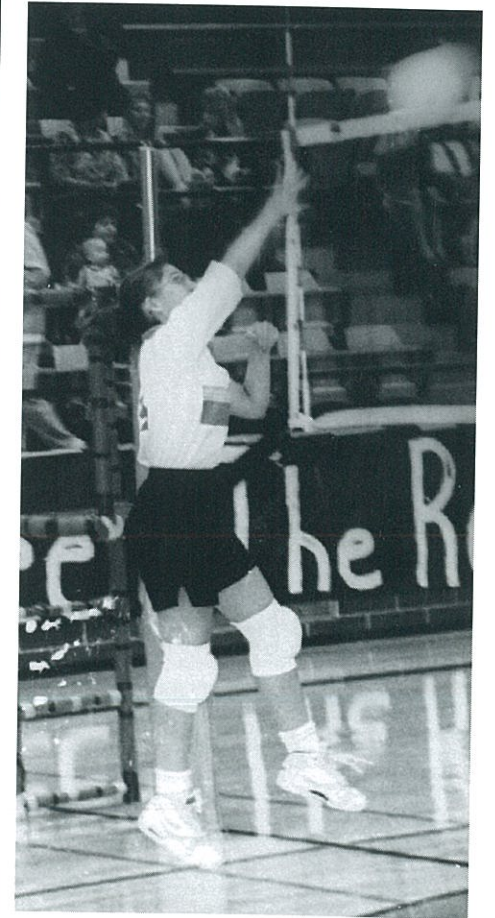

Coach Lockhart attributed both teams success to talented athletes with strong leadership abilities.
