

TEACHERS DEDICATED TO EXCELLENCE

Mr. Kerry Franklin retired at mid-year after ten years of service to W.L.I.S.D.

Coming to Wink in November, Coach R.C. Brister got a late start as varsity boys basketball coach.

Ms. Chrissie Ethridge doesn't seem to mind that a teacher's work is never done as she presses costumes for the one-act play.

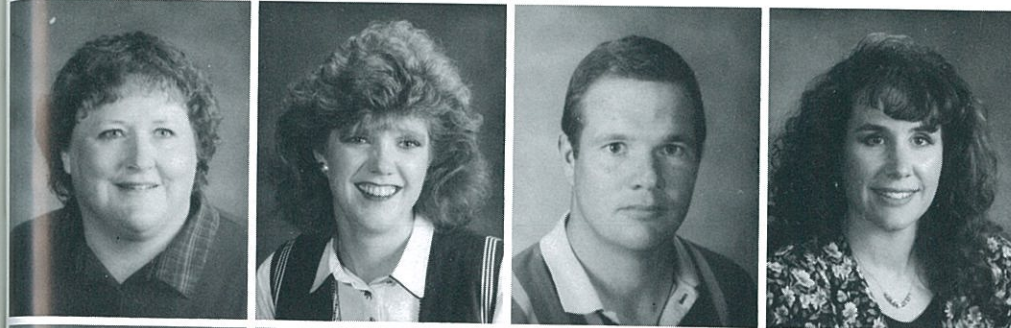

Faculty Promotes a Sense of Family

The W.L.I.S.D. faculty had to work hard during the 1994-95 school year to keep up with an active, intelligent, and ever challenging student body. Teachers' and coaches' work in the classrooms paid off with high scores on TAAS tests at all levels and on college entrance exams. Students excelled in literary and athletic competition. Although the students are talented, they could not have accomplished these fetes without the efforts of the teachers who coached the events. The faculty spent countless hours preparing students both for competition and life after Wink High School. At the same time, they nurtured students emotionally. The family type atmosphere of W.L.I.S.D. is due in large to its caring and devoted faculty and staff.

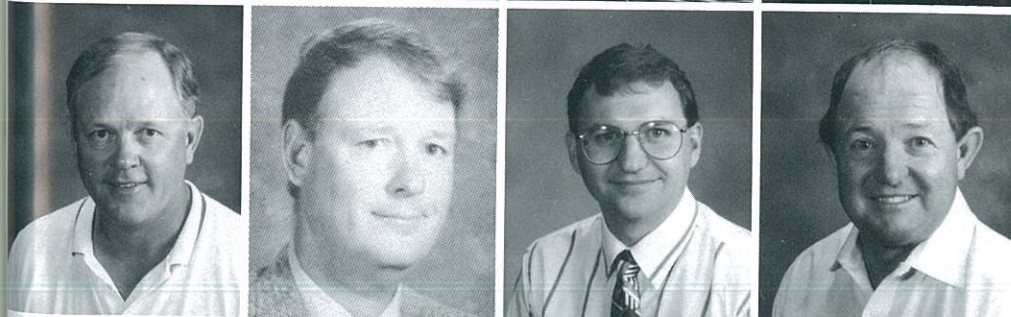

Ms. Vonda Vernor, Mr. Terry Warren, and Coach Paula Lockhart helped student feel comfortable in the W.H.S. environment.
