## Teachers Educate and . . . Inspire

Most teachers at Wink High School go the extra mile to help and encourage students in every way possible. One of the ways a student's experience is broadened is through UIL competition. In a scholarship application, Jennifer Tinkler, a state qualifier in calculator applications expressed the respect and appreciation she has for her UIL coach, Mr. Tim Seymore:

*Mr. Seymore has an unbelievable drive which at first I did not understand. I wanted to watch TV or mess around with friends rather than go to UIL practice. But, with Mr. Seymore, practice comes first! Eventually I understood what Mr. Seymore was getting at. It's usually better to choose working toward goals over momentary pleasure.*

*From my competition in UIL math events, I learned about myself and what I want to do with my life. I want to be like Mr. Seymore, and give my spare time to encourage young people to do the best they can.*
