And Now ... About the Teacher's Pet

Coach Paula Kay Lockhart truly loves the girls she coaches, but her heart belongs to Peanut, her fourteen-year-old dachshund. Peanut, who has traveled about a 'million' miles with Coach Lockhart, doesn't really know she is a d - o - g.

Peanut will perform her special 'roll-over and play-dead' trick for audiences of all ages. All her friend, Coach Lockhart, has to do is point her finger like a pretend gun, say 'bang', and over falls Peanut.

When Peanut occasionally gets into trouble, she knows to just hide out somewhere until the storm blows over.

Peanut eats Lucky Dog dog food because according to Coach Lockhart, "She is one lucky dog."

And ... Coach Lockhart will agree, she is one lucky owner!
