Architects of Success

WLISD is one of the premiere school districts in Texas, and the administrators and school board work hard to keep it that way.

With the passage of a \$1.3 million bond proposal in May, WHS is poised to enter the 21st Century.

The bond provides funds for a new state of the art library, upgraded technology, a new track and renovations to the high school building.

Thanks to dedicated, 'far-sighted' leaders, the future of WLISD will be one of continued success.

Administrative 'Duties'

Mr. John Benham makes good his pledge to sit on the roof if the elementary school received exemplary status. He even throws candy to waiting students.

Mr. Danny Carrillo sends Wildcat Brandon Thompson off to victory with a hand-shake following a pep rally.

Mr. Maxie Watts visits one of Mrs. Vonda Warren's classes to conduct mock interviews as students focus on life skills. Greg Smith was one of the participants.
