## Varsity wins early but falls short of desired goal

The 98-99 varsity got started late due to football playoffs, but this has come to be expected annual occurrence. The team did not let the delay prevent them from getting off to a fast start.

They came together and won both the Sanderson and Grandfalls Tournaments and finished third at the Buena Vista Tournament. This made the outlook bright for a strong run for the district championship.

However, things fell apart rapidly after the Christmas break, and the team finished the first half of district at 1-2. This still left a slim chance for the team to rebound in the second half, but again the team managed only a 1-2 record.

There are positives to be found, even though the overall season was a disappointment. The main thing being that the core of the team will return next year with added experience.

Junior Sam Haring uses his height advantage to get the opening tip-off to an awaiting teammate.

Tim Martin goes up for a successful two-pointer. Tim made the most of his senior year by being a leader on and off the basketball court.

Justin Hamm, Casey McCallister and Sam Haring play tough on defense and go after the ball during a district game with Fort Davis.
