

# Another Road to State

## V.I.C.A. wins honors at State vocational meet

With its first ever entries in a district competition, the WHS V.I.C.A. (Vocational Industrial Club of America) members earned superior ratings on their rebuilt engines and thus qualified for the state meet in Fort Worth. There, the team of Derek Rippe and Todd Warren received a rating of excellence, and Timothy Milligan's rebuilt 327 long block engine garnered a superior rating.
