Standing together

The varsity volleyball team, under the guidance of Coach Danna Flatt, never hesitates to set high goals for itself and the girls making up the squad, knowing the importance of teamwork, work hard to improve individual performance for the betterment of the whole.

As the season progressed, the team's motto became 'United We Stand'. This slogan matched the teams effort, desire and determination. At the end of every match, each girl knew she had put forth her best effort.

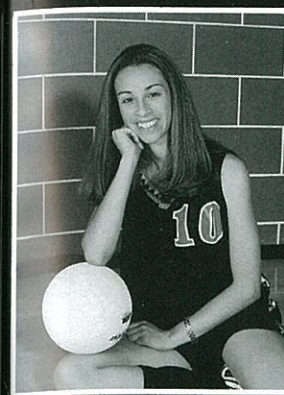

Most goals were met, but the ultimate goal of reaching the state tournament eluded the team. However, with all but two members returning for the 2002 season, Coach Flatt and her team once again are focused on State.
