The girls' basketball season might not look all that impressive on paper, but in the minds of the players, a feeling of triumph persists. That's because, even with a losing record, the girls bonded with each other and their new coach, Wendy McKinney. Each member of the team gained valuable experience on the court and, at the same time, grew closer as teammates. The seniors will not soon forget the good times shared, while the underclassmen will use their added experience as a foundation for a successful 2004-05 season.

# Sister Act

Basketball season got to be an exciting time at the Garcia household when freshman Gaby joined her older sister Jessica on the varsity squad. Jessica, who also made varsity her freshman year, proved to be a good role model for her little sister since both girls received all-district honors for their outstanding play.
