## Wildcats just miss Regional Tourney *Lose area game at the buzzer*

The Wildcat basketball team excelled in almost every area throughout the season. So much so, that they won not only the district championship by posting an 8-1 record, but also took the bi-district title by defeating Fort Hancock 73-69. Then came a rematch of last seasons area game with the Haskell Indians. The strong Indian team had pretty much had its way with the Wildcats in the first encounter, but not this time. The teams fought to the finish. Unfortunately for the 'Cats, the game ended a few seconds early as they fell 38-40.
