For the first time in the history of Texas High School Football, Class A schools were allowed to advance three teams past the district level. And for the Wink Wildcats it was fortuitous that in a district crowded with talent, there wasn't a crowd. The end of the regular season found the Cats in third place behind the McCamey Badgers and Iraan Braves. Finishing third in such a strong district is far from a disgrace, and a playoff game was a well deserved reward.

The downside to coming in third meant the team had to play the first place team from the rivaling district. Although the Sundown Roughnecks proved too much for the Cats, they could find satisfaction in knowing they put their all on the line, not only in their post-season match up, but throughout the whole season.
