All in the Family

Wink's girls doubles team, the Kerley sisters, senior Kendra and sophomore Andra, won the tough District 7 meet and fought their way to the finals match at Regional. There, they finished in second. This lofty placement earned them a trip to the State Tournament. This was the first trip to State for Kendra. She gave up a very successful singles career to play with Andra who had won a state silver medal in mixed doubles last year. Even though the girls didn't medal at state, they had one word for the experience:

AWESOME!
