Supreme Effort

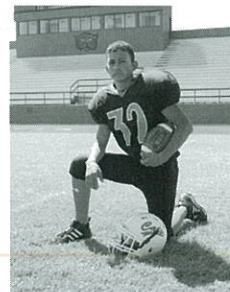

When a team competes in one of the toughest districts in the state, from the beginning of two-a-days everyone feels the pressure and desire to put forth a supreme effort. Certainly this is the case for the Wildcats who must face both McCamey and Iraan before reaching a higher level of play. Team members, coaches and fans expect hard fought battles any time these teams face off, and the 2007 season was no exception. Each meeting of the elite three came down to the wire with the home team coming away victorious. Wink lost by four to McCamey and squeaked by Iraan, 10-7, thanks to a closing second field goal by Tyler Thomas. Because of a predetermined tiebreaker, Wink went into the play-offs as the runner-up team and came face - to - face with the number two team in the state, the Roughnecks of Sundown. On the surface, at least according to area news writers, the Wildcats didn't have much of a chance and some thought the six-man 40-point rule would be merciful. How wrong predictions can be! The fierce Cats came out strong and gave the Roughnecks all they could handle. Wink scored an opening touchdown to put the undefeated team from Sundown behind for the first time all season. Even though the larger and quicker Roughnecks prevailed in the end, 28-26, the Wildcats came away with victorious hearts knowing they left everything they had on the field. The team's all-out effort further instilled the long-lasting tradition of **Wildcat PRIDE**.
