A new year, a new coach, a new team . . . thus, with uncertainty the 2007 volleyball season began. With only three returning varsity players and Coach Peggy Hill beginning her career with the Lady Cats, the year started out a bit bumpy. The team lost its first match to Pecos, and the Wink Tournament didn't bring the hoped for results. But, with each match came improved skills, better execution of game plans, and an increased team unity. Through both expected and unforeseen adversity the team held tightly to its dream of again advancing to the Region I Tournament. With perseverance the team battled back after being defeated by Plains and Buena Vista in the first half of district and went on to the playoffs as district runner-up. They finished off Water Valley, Marfa and Sterling City to again gain a berth at regionals. Even losing to perennial rival Windthorst during the first round couldn't put a damper on the pride the girls took away from this experience.
