What makes your class famous?

We really haven't done much as a whole class. We don't hate each other on most days. We're all fun in our own way.
- Jenny Rainwater

The class of 2010 is one crazy class, but I couldn't have gotten through the years without them. We are different in so many ways, but alike just as much. So, I guess you could say that our class is famous for its uniqueness.
