JUST DANCE Students show off their skills while performing the YMCA at the Valentine's Dance.

Mike Claburn

"My overall dominance and having little minions."

Lorin McCoy

"I'm a survivor, with lots of street smarts, and I always land on my feet."

Famous in a Small Town

Every day as an abundance of small town students walk through the doors of WHS, no two individuals are identical. Wink offers a place for each student to star in his or her own life story. Whether it's through UIL, athletics, the Spanish Club, One Act Play, Auto Tech, or Welding, every single student can find a place to shine.

On any given day, we may be found reading classic literature, giving a speech, or solving an algebraic equation. No matter the forms of expression, interests, opinions, or motivations, one thing is clear: Wildcats stick together. Because at the end of the day, we all have one thing in common—each and every one of us is famous in this small town.
